Dear **2024 Grade 2** Parents/Guardians,

27/10/2023

Yarrambat Primary School is looking forward to another great year of teaching and learning and would like to advise you of Yarrambat Primary School's voluntary financial contributions for 2024. Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. However, the school still must meet the substantial costs involved in providing these materials.

Nevertheless, the ongoing support of our families is important to ensure that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer. Within our school your continued support through these payments has allowed us to provide opportunities we couldn't otherwise, both in the classrooms and out in the playground. These include the essential learning items in book boxes, engaging literacy and numeracy resources and up-to date digital learning tools. Following careful consideration, School Council has set the 2024 Parent Payment Contributions at the following rates.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.
